

Fibe TV & Internet

November 1, 2018
Channels and pricing listed are subject to change.

BellMTS

Fibe TV & Internet

-  • 4K – with 4x the detail of Full HD, it's the very best picture quality available.¹
- Restart shows in progress or from the past 30 hours.²
- Watch or record up to 4 live HD shows at the same time.
- Watch your favourite shows with CraveTV™ and stream Netflix directly from your set-top box.³
-  • Worry-free usage with unlimited Internet.⁴
- Amazing in-home Wi-Fi.⁵
- Internet access at Bell MTS Wi-Fi hotspots.

(1) 4K picture quality requires 4K TV, 4K programming, wired set-top box plus 4K service, and a subscription to Fibe 50 or faster Internet service with Bell MTS. Availability of 4K content is subject to content availability and device capabilities (4K TV). Bell MTS 4K TV Service only available on one TV per household. Residential customers only. (2) Available with select channels/content, excluding US networks and non-local content, and subject to viewing limitations. (3) Netflix and Crave TV membership required. Crave TV and its associated designs are trademarks of Bell Media Inc. (4) Unlimited Internet is subject to our Internet Usage Policy – visit bellmts.ca/internetusage and our Fair Use Policy – visit bellmts.ca/fairuse for details on our network management practices. Actual speeds may vary and are not guaranteed. Many factors affect speeds such as location, customer equipment, topographic and weather conditions and network management. (5) Wi-Fi is an open technology subject to interference. Speed and performance varies based on environment. Actual speeds and connectivity may vary and are not guaranteed. The security of wireless devices cannot be guaranteed. Fibe and Bell MTS are trademarks of Bell Canada.
